

Cue[®] liquid

soybean

CONTAINS NONPLANT FOOD INGREDIENT(S)

ACTIVE: 0.133% (W/V) isoflavonoid compounds

INERT: Aqueous carrier > 99%

Not a fertilizer substitute

**Read the entire label before using this product.
Use only according to label directions.**

How it Works

The active ingredient in Cue[®] liquid soybean enhances the soil microbial environment to support the plant's nutritional availability, supporting the growth and yield potential of the crop.

Directions for Use

Application Rate:

Apply 0.368 fluid ounces per 100 lbs of seed or 0.184 fluid ounces per 140,000 seed count unit.

If applied alone:

Cue[®] liquid soybean may be diluted with water at the time of application to achieve coverage of all seed. If diluting with water, first add the water to the tank, turn on the tank agitation system and then slowly add Cue[®] to the tank. Provide good tank agitation during use.

If applied in a mixture with seed treatments:

To apply in a mixture with seed treatment, prepare seed treatment first and if necessary, mix water with the seed treatment and agitate.

Second, with the agitation system engaged, slowly add the correct amount of Cue[®] to the tank containing the seed treatment. Maintain agitation throughout use.

Net Contents: 15 gal (1,920 oz)
Net Weight: 125.82 lb (57.07 kg)
Density: 1.005 g/cc (8.387 lb/gal)
Treats: 10,435 units (521,750 lb)
of soybean seed

Applicators and Other handlers

The active ingredient in Cue[®] liquid soybean is isoflavonoid compounds. Avoid skin contact and wash thoroughly with soap and water after handling. Wear protective clothing such as gloves and long sleeve shirt to prevent skin contact. Remove and wash contaminated clothing before reuse. Use safety goggles where splashing is possible. Get medical attention if irritation occurs.

Storage and Disposal

- Store containers under cool conditions <68°F (20°C) away from sunlight and direct heat sources.
- Minimize temperature fluctuations.
- Avoid freeze/thaw cycles.
- Use this product only in well-ventilated areas.

Unused Cue[®] liquid soybean and Cue[®] liquid soybean treated seed should be disposed of in accordance with applicable civil statutes. Seed treated with Cue[®] liquid soybean should not be used for food, feed, or oil purposes.
